COWBOY TOWN STORY STARTER

We've puled together the start of a Blackgang Chine story below.
Let your imagination run wild and finish the story in your own words! Don't forget to share your story with us when you're finished!

Bullets, wind and lawful cries raced through the air as we galloped through Buffalo Creek. My heart was pounding partially with fear but mostly with adrenaline. Had we really, successfully, robbed the bank of Cowboy Town?! Notorious outlaw Wild Phil cracked the whip of the carriage sending the four stallions up a gear into a sprint. "You've done it now partner, you're a fully-fledged outlaw, YEEHAAW!". It was at this moment I knew I had a decision to make, do I join Wild Phil and outrun the law? Or do I confess my allegiance with Sheriff T.W.I.T and catch Wild Phil for good?...
